Create Survey

A surveyor can create a survey in the survey portal by searching for a property, selecting a trade and completing the form.

Select Surveyors are given “Edit”

permission

- Edit permission grants that surveyor the ability to make changes to any of the fixtures or parts in the Property/Trade of an open survey.
- For fixtures
 - They can change the name or description.
 - They can also flag any fixture “This fixture DOES NOT EXIST!”
 - This does not delete the fixture but does add a pinned note to the fixture. “This fixture DOES NOT EXIST!”
